**KLEINFORM**

Last year's winner **Bletchley Park** has it all prove but it would be no surprise if he has been campaigned with just this race in mind. Likewise **Spitfire Hero**, who is one of the most exciting horses in training. **Hope And Glory** has been in such outstanding form of late, it would be a surprise if he didnt start as favourite. **Poppy Appeal** deserves his chance in this grade following some brilliant shows. **The Fusilier** returns to the track for the first time this season but has won first up two of the last three years. **Dambuster** and **Montgomery** have similar profiles, both being solid and reliable sorts. Both will relish the conditions at Warwick and both are likely to be amongst the favourites. **Normandy Invasion** and **We'll Meet Again** have been competing in the highest grade but just falling short of victory. Both were just beaten by the smallest of margins last time. **V For Victory** and **Winston** have tasted success many times. Both horses have legions of fans having performed so well at the top level for so many seasons. **El Alamein** has competed in the top grade with a huge amount of success abroad and is reportedly in brilliant form at the moment. **Lest We Forget** fell in this race last year when in contention, but seems to have improved again this season and shouldn't be forgotten.
