

Fireworks Traffic Information

Due to ongoing roadworks in the local area, we advise you to allow longer for your journey to the fireworks. Our team have been working hard to ensure there is minimal disruption to your evening and additional car parks are open and traffic diversions in place. Please follow the relevant signage as you approach the course and we will get you parked safely and as quickly as possible. Car parks are open from 4pm and gates open from 5pm, with the fun fair, Grandstand bars and seating, food and entertainment for all the family to enjoy. So ensure you make the most of your evening and arrive early.

To avoid the rush on leaving the course after the display, the fun fair, children's entertainment and bars will remain open until 9:15pm.

The GE traffic lights junction is closed. In order to arrive to the course as easy as possible we recommend you arrive early and follow the fireworks diversion signs to be directed to your nearest car park. The green car park will be open off Swindon Lane for all traffic arriving from Kingsditch or M5 direction, anything arriving from town centre will be directed to purple car park and all other traffic will be directed to Southam Lane entrance and be parked in our red and pink car parks.

A40 Easterly Approach/Cheltenham Town Centre (Red Route)

Due to a current road closure on this route, there will be a diversion in place. The event diversion route is to come off the A40 at the Frogmill Roundabout and go via the A436 to the Seven Springs roundabout, at this roundabout you should take the 3rd exit onto the Cirencester Road this will bring you back onto the London Road after the closure point. Event signage will then take you to the most suitable car park from that approach.

A435 Bishops Cleeve (Blue Route)

Vehicles coming southbound on the A435 will not be able to access the junction of the A435 onto Southam Lane at the traffic lights and therefore when you get to the Bishops Cleeve roundabout you will be directed by event and road diversion signage to take the 3rd exit onto Cheltenham Road, then at the junction just past the Asda garage take a right onto Two Hedges Rd and onto Kayte Lane, at the end of Kayte Lane turn left onto Southam Lane and Gate P11 entrance to the racecourse is around 200 yds on the right.

M5 Junction 10 or 11/Gloucester (Green Route)

Both these motorway junctions should go towards the racecourse via Tewkesbury Rd (jct 10) or Prince Elizabeth Way (jct 11). At the McDonalds roundabout continue onto Kingsditch Lane and then onto Wymans Lane. Following event directional signage all fireworks traffic must turn right onto Swindon Lane this will take you all the way to the racecourse car park. (please note you will not be able to access the racecourse via Hyde Lane).

Prestbury (Yellow Route)

All Prestbury area traffic is advised and signed to use the B4632 to Southam Village turning onto Southam Lane, this will direct you to Gate P11 entrance to the racecourse (this direction will avoid congestion on the racecourse roundabout).
